EXPERIENCE

Prescreening Coordinator

Care Access, Greensboro, NC

April 2024- Current

- I independently manage and oversee the operations of a busy office, ensuring seamless functionality through meticulous inventory management, monthly inspections, and compliance with logs for temperature, disinfection, and crash carts. Beyond logistics, I excel in patient engagement, running a high-volume pre-screening program where I educate up to 22 patients daily about diagnostic tests, company goals, and next steps in the process.
- My role involves multitasking across administrative, clinical, and technical duties, including drawing and processing blood samples, preparing lab requisition forms for billing, and shipping samples efficiently. I stay at the forefront of developments through continuous education and actively contribute to operational improvement through frequent team meetings.

Laboratory Technician

LabCorp, Burlington, NC

June 2023- February 2024

- Designing and conducting lab tests according to standard procedures. Receiving, processing, and analyzing 8,000 samples daily. Data entry for results and operating robots to obtain computer-generated genetic markers. Conducting lab tests using polymerase chain reaction (PCR) and buccal swabs. Analyzing results using statistical techniques to calculate paternal compatibility.
- Using, cleaning, and maintaining various types of equipment. Handling and storing chemicals and other materials. Preparing and creating reagents using mathematical calculations.

Travel Nurse Assistant

IntelyCare, North Carolina

Feb 2022- June 2023

- Assisted with direct patient care procedures and related tasks; checks in patients, assists in obtaining patient histories, take vital signs, prepares charts, and assists with medical examinations. Charting data specialized for patient assessments.
- Educates and advises patients on specified medical issues within set parameters. Ability to adapt to various environments and learn efficiently.

Nurse Technician

Moses Cone Hospital, Greensboro, NC

Mar. 2021- Feb 2022

- Coordinated office activities and performed a range of accounting and administrative functions in support of unit activities; may oversee student nurses in specified tasks. Observed patients through Virtual Patient Observation. Practiced safety, environmental, and infection control methods. Recruited patients for studies and participate in outreach clinical activities. Charting data specialized for patient assessments. Using data to access if patient is a candidate for 24/7 patient observation or rehabilitation services.

Load Captain

FedEx Express, Greensboro, NC

Dec. 2018 —Mar. 2021

- Facilitated work a warehouse setting. Lead and directed 12 team members to ensure proper loading of airplanes. Trained to operate heavy machinery such as Tug, Commander, and Belt Loader. Manage and ensure that heavy machinery is serviced, and all loading procedures are followed correctly. Trained in Zulu time commonly used by pilots or in the military.
- Supervised plane so my team loaded it correctly and in a safe way. Made sure the plane goes out at a set time every day without delay and mostly early. Managed to complete safety check after plane arrival to inspect for damage.

Seasonal Sales Associate

Kay Jewelry, Greensboro, NC

Dec. 2018 —Jan. 2019

- Worked in a in a store setting during peak season (Christmas), answered customer inquiries to provide information about products, services, store hours, policies and promotions. Unboxed new merchandise and restocked shelves in appealing and organized arrangements to promote items. Recommended optimal merchandise based on customer needs and desires. Stocked shelves and supplies and organized displays to focus customer attention on specific items.
- Sold \$20,000 worth of Jewelry in my first two days of my first sales position. Raised 300\$ in one day for the St. Jude's Children's Research foundation for cancer by convincing customers to donate when completing order at the cash register.
